

**Have you ever forgotten something important ?**

I love writing things down on paper, but sometimes I wish there were an easier way to keep everything organized.

# App Todoist

# Learning goals

- The basics of SwiftUI programming
- Method of deconstructing an app
- Exploring the Human Interface Guidelines

# WriteAct

# Live demo:

# App deconstruction

# Future implementations

- Add a section ‘Browse’
- Implement automatic reminders
- Make it possible to share notes in groups.
- Offer the possibility to choose the visual theme
- Integrate a calendar to view deadlines and commitments

**Write to remember, act to realize.**

**Inspiration App:**

**Tools:**

**Coming soon: Calendar**
